*New graduate students are new to this program, but not necessarily to the University.

**Fall 1999 numbers do not include an additional 125 students who registered as non-degree students as a result of a new recruitment initiative. Students who had incomplete files for a degree or certification programs were able to enroll as non-degree students without submitting another (non-degree) application.

***Fall 2003 numbers do not include 66 students who applied and enrolled in Teaching Middle Grade Mathematics (TMGM) certificate program because the program began slightly after the census date.
