

THE FACT BOOK

Montclair State University is New Jersey's second largest university, and growing -- in the number of student applications, enrollments, degrees offered, student services and building facilities. It has a vibrancy and excitement that is particularly felt in the classrooms where faculty and students are actively engaged in teaching and learning.

The fact book presents current and historical information that helps us understand the pace of the growth in many areas. It also serves as a resource for official information about the Montclair State University community, as well as a means of systematic information sharing across the campus.

The document is prepared and published annually by the Office of Institutional Research. The information is updated and modified, based on the suggestions received from the readers of this document. Your comments and suggestions are welcome and they will be incorporated in the fact book whenever possible.

ACKNOWLEDGEMENTS

The fact book is a result of the cooperative effort of many people. I extend my thanks to everyone who helped me produce this fact book. Thanks are due to all those who entered information about the university into our database systems, i.e., SIS, HRS and FRS. Thanks are also due to all those who cleaned and synthesized the information into useable reports. I would like to thank John Leffler: Director of Summer Sessions and Special Programs; Mike Scala: Director of Sports Information; Frank Cuzzo: Director of Financial Aid; Jeanette Hanlein: Data Manager, University Advancement; Carol Lange: Technical Coordinator, Human Resources; Russell G. Muter: Controller; and Doug Cooper: Director of Architectural and Engineering Services for providing information in a timely fashion.

I would especially like to thank Dr. Edward Chapel, Associate Vice President for Information Technology, for his thoughtful and insightful suggestions, as well as his efforts in producing this fact book. My sincere thanks to Ms. Elizabeth J. Keagy, our graduate assistant, who took efforts to set up the template, tracked and entered the information and willingly checked the accuracy of the information.

Dr. Gurvinder K. Khaneja
Associate Director
Institutional Research
