Montclair State University

Foreword

The primary purpose of this document is to serve as an official reference guide and a resource manual for strategic planning and assessment at Montclair State University. The 2024-2025 Fact Book represents data from Montclair State University and Bloomfield College of Montclair State University.

The goal is to provide trend data on student enrollment, including demographics, graduation, retention and completion rates, faculty statistics and library holdings. The data can be used by colleges, departments, and individuals for academic and non-academic assessment, program evaluation, faculty workload analyses, and academic support planning. The data can also be used to support regional and national accreditation, as well as program self-studies, and grant preparation.

The Institutional Fact Book primarily uses fall semester data and is updated annually. We hope that you will find this edition useful for your data needs.

MONTCLAIR STATE UNIVERSITY

Mission Statement

Montclair State University is a public-serving institution, advancing the common good...

- by broadening access to rigorous education and exceptional learning opportunities for a diverse population, rich in talent, dedication and ambition,
- by challenging and supporting students and employees in an inclusive and respectful environment where learners can grow and flourish as collaborative, compassionate citizen-leaders,
- by advancing research to deepen understanding of our shared challenges and cultivating human creativity to develop innovative solutions, and
- by forming partnerships to enhance prosperity, democracy and well-being in the communities we serve.

Commitments

Provide Access and Excellence

We teach students how to learn by engaging them in the classroom and beyond, through research and hands-on experiences, extracurriculars and public service. We operate efficiently to keep tuition affordable, and we deliver education flexibly to help students balance family, work and school.

Offer Expertise with Humility

We work as true partners with the communities we serve, leveraging the University's knowledge and resources to help them meet their goals while valuing their contributions and learning alongside them as peers.

Embrace Discourse and Fairness

We treat everyone fairly and respectfully, and honor the rights of all humans. We value and encourage respectful discourse, recognizing that the exchange of ideas and the dissemination of new knowledge sustains discovery and is fundamental to democracy.

Innovate with Integrity

We respond flexibly and nimbly to changing circumstances, foster creativity, take intelligent risks and actively seek new approaches while holding each other accountable and using wisely the resources entrusted to us.

Embrace Local and Universal Aspirations

We are a national university that is proud to be of, by and for New Jersey. We serve our state's dynamic, varied communities while also fulfilling our obligations to serve our country, our planet and the enduring truths that bind humanity as one.

University History

Founded in 1908 as a two-year school dedicated to training teachers, Montclair State has since evolved into a comprehensive University offering more than 300 academic programs at the baccalaureate, master's, and doctoral levels. The university began offering doctoral degrees in 2003, and in 2019, it was designated Carnegie Classification as an R2 research doctoral university by the American Council on Education.

Situated on a 252-acre campus that spans Montclair, Little Falls, and Clifton, New Jersey, Montclair State University has experienced significant growth since 2000. As of Fall 2024, the University comprises 13 colleges and schools and serves a diverse population of more than 23,000 undergraduate and graduate students. Approximately 5,118 students reside on campus, and the institution employs 5,033 faculty and staff. Notable campus developments include the 500-seat Alexander Kasser Theater, the 7,200 square foot George Segal Gallery, a six-level parking deck, a full-service campus diner, a student recreation center, the 270,000 square foot University Hall, the 848-bed Village at Little Falls residential complex, and The Heights, a 588,000 square foot residential and dining facility.

On August 2, 2021, Jonathan G.S. Koppell became the ninth president of Montclair State University. Under his leadership, the university continues to advance its mission as a premier

public research institution committed to access, academic excellence, and service to the community. His signature accomplishments include four years of record enrollment growth and an increasing impact on the surrounding communities, including an innovative partnership with the City of Paterson, community leaders and philanthropists that is producing opportunities for students and city residents.

Montclair State proudly reflects the rich diversity of its surrounding communities. It is federally designated as a Hispanic-Serving Institution (HSI), a distinction awarded to colleges and universities where Hispanic students represent at least 25 percent of the full-time student population. The university's minority-majority status underscores its role as a model of inclusive excellence in public higher education.

The State of New Jersey formalized the union of Montclair and Bloomfield College in July 2023. This completed a historic merger between a public research university and a private liberal arts college. Bloomfield is the only four-year institution in New Jersey that has been designated as a Predominantly Black Institution, a Hispanic-Serving Institution and a Minority Serving Institution. As a result, Bloomfield's important mission has continued, and its students are able to complete their education without interruption while benefiting from Montclair's lower tuition and fees and the support of the second largest public research university in New Jersey. This partnership between two Essex County institutions is regarded as a national model.

The university's academic units span a broad range of disciplines. The Feliciano School of Business includes departments such as Accounting and Finance, Hospitality and Tourism, Information Management and Business Analytics, Economics, Management, and Marketing. The College of the Arts houses the departments of Art and Design, Theatre and Dance, the John J. Cali School of Music, and the School of Communication and Media. The College of Humanities and Social Sciences offers programs across 17 departments, along with interdisciplinary offerings such as African American Studies, Asian Studies, and International Studies. The College of Science and Mathematics features departments in Biology, Chemistry and Biochemistry, Computer Science, Earth and Environmental Studies, Marine Biology and Coastal Sciences, Mathematics, and Physics and Astronomy. In 2023, the School of Computing was established within this college.

The former College of Education and Human Services was restructured into two distinct entities in 2023: the College for Education and Engaged Learning and the College for Community Health. The School of Nursing, founded in 2016, offers Bachelor of Science in Nursing (BSN) and Master of Science in Nursing (MSN) programs. The Graduate School oversees nearly 100 graduate programs, including master's degrees, doctoral degrees, certificates, and certification programs. University College, established in 2018, provides targeted support for students who have not yet declared a major. On July 1, 2023, Bloomfield College officially became Bloomfield College of Montclair State University, further expanding access to affordable, high-quality education.

Montclair State University is home to a diverse and dynamic array of research centers, institutes, and specialized facilities that drive innovation, scholarship, and community engagement. Among its distinguished entities are the Margaret and Herman Sokol Institute for Pharmaceutical Life

Sciences, the Feliciano Center for Entrepreneurship, the Center of Pedagogy, the McCormick Center for Child Advocacy and Policy, the Center for Cooperative Media, the Clean Energy and Sustainability Analytics Center, and the New Jersey Center for Water Science and Technology. In addition, the University supports numerous academic and student-focused centers, including the ADP Center for Teacher Preparation, the Center for Autism and Early Childhood Mental Health, the Center for Heritage and Archaeological Studies, the Center for Writing Excellence, among others. Through these centers and initiatives, Montclair State University continues to advance its mission as a leading public research university, dedicated to broad access, academic excellence, and meaningful service to the community.

Calculation and Definition

- 1) FTE Credit:** The FTE is calculated based on the student's level (Undergraduate or Graduate) and the total number of credits they are enrolled in.

 - Undergraduate FTE Credits = $(1 \div 15) \times \text{Total number of Enrolled Credits}$
 - Graduate FTE Credits = $(1 \div 12) \times \text{Total number of Enrolled Credits}$
- 2) Retention Rate:** The retention rate is calculated by dividing the number of first-time, full-time, degree-seeking students who enrolled in the previous period and returned in the following period by the total number of such students who initially enrolled.
- 3) Graduation Rate:** The graduation rate is calculated by dividing the number of first-time, full-time, degree-seeking students who graduate within a specified time period by the total number of such students who initially enrolled.
