

## Highlights

The semester enrollment report is based on information taken from the University's student information system at the time of the semester's census date. These figures reflect how Montclair State University looks at the beginning of each semester, after students have dropped courses but before any withdrawals have occurred. Thus the numbers found in this report are the highest counts for the semester. Reports generated later in the semester will most likely reflect students who have withdrawn from courses and will be smaller than these official counts.

### Undergraduates

In fall 2010, 14,383 undergraduates were enrolled at Montclair State University. Ninety-eight percent (14,040) are degree-seeking students and 85 percent were enrolled as full-time students.

The average credit load for full-time undergraduates is 15 credits and for part-time students it is 7.37 credits.

Freshmen make up 22 percent and sophomores make up 19 percent of the undergraduate class. Juniors and seniors represent 26 percent and 30 percent of the undergraduates respectively. Non-degree students make up just over 2 of the undergraduates.

Sixty percent (8,672) of the enrolled undergraduates are female. Among those who provided information about their race/ethnicity, 10 percent identify themselves as Black/African American, 6 percent as Asian or Pacific Islander, almost 23 percent as Hispanic/Latino and 56 percent as White. Less than 1 percent identify themselves as American Indian or Alaskan Native. Just over 1 percent of students indicated they were of two or more races. Additionally, over 3 percent of the students are non-resident aliens.

The average age of undergraduate students who enrolled at MSU was 22.5 years.

Almost 96 percent (13,755) of the enrolled students were from New Jersey. Of those who enrolled from New Jersey, over half of the undergraduates list Bergen (21%), Essex (16%) and Passaic (14%) as their county of origin.

The five undergraduate majors with the most students enrolled are: Business Administration (8.7%), Psychology and Family & Child Studies (8% each), English (6.5%) and Biology (6%).

Almost 14 percent (1,967) of undergraduates have not declared a major.
