

New Jersey Student and Parent Consumer Information Act 2025-2026

Pursuant to P.L. 2021 c.34, the State of New Jersey requires institutions of higher education to submit a student consumer information report to the Secretary of Higher Education for inclusion in a comparative profile of all institutions of higher education. The purpose of the information is to maximize the awareness of students and their families of the costs associated with enrollment in the institution, including information about loan indebtedness of students who complete degrees and those who do not complete degrees, the institution's success in ensuring the graduation of its students, and the composition of the teaching faculty.

The following information is for **Montclair State University**
